

Rental has changed. More vehicles, more compliance, more data, tighter margins. **The software that runs your business should keep up.**

Say hello to ProhireOne.

Proven software. Powerful data. Real results.

ProhireOne is the next generation of your Prohire system. **One operator-grade, cloud-based platform** that connects your rental desk, your fleet, your drivers and your data. Built on everything you already know, proven with operators across the UK, and designed around how rental businesses actually work today.

You'll be hearing from us soon about your migration to ProhireOne. But before we talk about the how, here's the why.

Cloud-based

Always on the latest release

Lightning fast

Minutes back on every booking

Fully connected

One platform, one source of truth

01

Why it's a genuine step forward

This isn't a fresh coat of paint on the old system. ProhireOne is a **ground-up rebuild for modern rental operators**, engineered from the first line of code around speed, visibility and the freedom to work however and wherever you want.

BUILT FOR TOMORROW

Future-proof by design

ProhireOne is cloud-based, so you're **always on the latest release**. Any device, any depot, anywhere. No servers to maintain, no upgrades to schedule, no waiting.

SPEED AS STANDARD

Built for the pace of rental

Screens that load almost instantly and bookings in a fraction of the time. Every process engineered to be quicker than the one it replaces, because **in rental, minutes are margin**.

ONE CONNECTED VIEW

Everything in one place

Bookings, invoicing, fleet and the Companion app on **one connected platform**. Change something once and it updates everywhere, with decision-ready data always at your fingertips.

PROHIREONE BY THE NUMBERS

450+

rental clients
across the UK

700+

operating
locations

200+

training videos,
at your pace

1

connected fleet &
rental platform

01 Dashboards built around you

Every dashboard in ProhireOne is **fully customisable**. Build the views that matter to your role, from the front desk to the boardroom, so the system fits your operation, **not the other way round**.

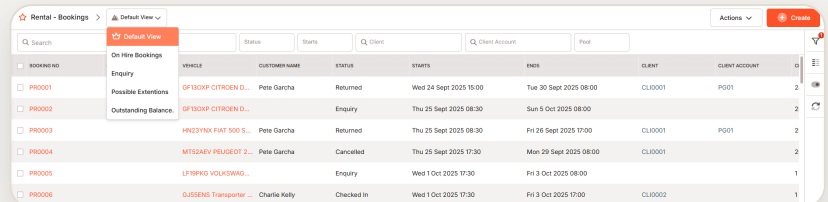

→ **Your dashboard, your numbers: the whole operation on one screen**

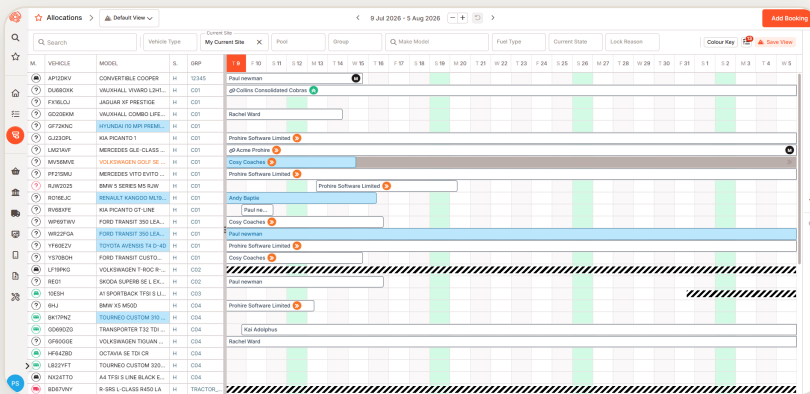

02 Create Views

Why hunt for your data when you can build a view that shows it instantly? **Custom Views** in ProhireOne: filter, save, favourite, done. From on-hire bookings to outstanding balances, what you need is always one click away.

→ **Your data, your way, in seconds**

BOOKING NO	VEHICLE	CUSTOMER NAME	STATUS	STARTS	ENDS	CLIENT	CLIENT ACCOUNT
AP0001	ET72DW PEUGEOT EXPERT BLUEHDI PROFESSIONAL PREMIUM PLUS L1	Returned	Mon 21 Apr 2025 08:30	Tue 21 Apr 2025 08:30	Facilease	CL1	
AP0007	LJ7AGDA FIAT SCUDO STANDARD L3	Confirmed	Wed 30 Apr 2025 10:00	Tue 5 May 2025 10:00	Facilease	CL1	
AP0008	C1234	Confirmed	Mon 5 May 2025 08:30	Tue 5 May 2025 08:30	Facilease	CL1	

03 Your whole fleet, one screen

Real-time visibility of where every vehicle is, filters to find anything, and built-in service and MOT reminders that do the chasing for you. Every vehicle and booking at a glance, so **nothing slips through the gaps**.

→ **One system for bookings, fleet and compliance**

04 Invoicing on your terms

Every bill, ready from day one. ProhireOne **creates all bills up front**, then releases them as they fall due: weekly, monthly, whenever.

05 Accessible anywhere, anytime

Anytime. Anywhere. Any device. **Log in from any browser**, with multi-factor authentication keeping your data locked down.

03

Operators like you have already moved

“

I would certainly recommend this system to any rental business, it is a very powerful tool, and I wished we had moved over to ProhireOne sooner.

Krisi Hulme · Associate Director

Specialist Vehicle Rental · 300+ fleet · migrated in just two weeks

“

The biggest advantages have been reliability, speed and operational flexibility. It has streamlined processes and allowed the business to move forward significantly.

Falklands 4x4

47 vehicles · one of the most remote operating environments anywhere

04

And the move is easier than you think

No cliff, no chaos. Your migration follows a clear, guided path, run by a UK team who do this every day.

We plan it with you

Our UK team maps your move, from client records and vehicle data to invoicing and rate cards.

Your team trains

200+ videos on Prohire Academy, at your own pace, so everyone's confident before you go live.

You go live

Guided every step, with our team at the end of the phone whenever you need them.

You move forward

Faster, clearer and more in control of your operation from day one.

05

Confident from day one

Training isn't an afterthought, it's **built into your migration from day one**. Before you go live, your whole team gets access to Prohire Academy, our online training platform, so everyone knows their way around ProhireOne before the switch is flicked. It's how Falklands 4x4 brought brand-new starters up to speed, with no experience of any previous Prohire system.

200+ videos

A complete suite covering **every aspect of ProhireOne**, so nothing is left to guesswork.

Learn at your pace

Watch, pause, rewatch. **No pressure, no deadlines.** Training fits around your working day.

Whole team access

Every member of your team gets access, **new starters included**. Everyone learns the same way.

No cliff. No jump. No forced timeline. Just a bridge, and a team walking across it with you.
